Login Page

The user can find the Login page by clicking the “Login” button. Once the user clicks the “Login” button, the page asks for email ID and password. After entering the right email and password, it redirects to the dashboard page.

The screenshot displays a web browser window with the title "ASL Communication - Login". The address bar shows the URL "127.0.0.1:5000/login". The page header features the text "Real-Time Communication System Powered by AI for Specially-Abled" on the left and navigation links "Home" and "Register" on the right. The main content area contains a login form with a circular logo at the top. The form includes two input fields: "Email ID:" with the placeholder text "Enter Registered Email ID" and "Password:" with the placeholder text "Enter Password". Below these fields is a black "Login" button. The footer of the page contains the copyright notice "Copyright © 2022 Mano. All Rights Reserved" on the left and social media icons for YouTube and GitHub on the right.
